---

## SUMMARY

---

I'm a BSCS student passionate about web development, currently enhancing my skills in the MERN stack. I'm a fast learner and strong problem solver who enjoys building efficient and user-friendly web applications. I aim to keep improving through real-world projects and become a professional full-stack developer.

## PROJECTS

---

### Task Manager:

A web app to plan and manage daily tasks. Helps track progress and stay organized. Supports better productivity and task completion.

### NoorVerse:

An Islamic learning platform for Quran and authentic knowledge. Designed to make spiritual learning easy and modern. Provides clean, simple access to trusted Islamic content.

### Game Record Tracker:

A system to record and monitor game sessions between friends. Tracks wins, losses, and session details for every player. Shows leaderboard and stats to compare overall performance.

## SKILLS

---

### Frontend:

React.js, JavaScript (ES6+), HTML, CSS

### Backend:

Node.js, Express.js, REST APIs, JWT Auth, Bcrypt  
Database: MongoDB (Mongoose)

### Tools:

Git & GitHub, Postman, VS Code

## EDUCATION

---
